IS RESULT OF ELECTION

HEAVY VOTE CAST, BUT ISSUE
IS CLOSE.

Reno, Nev., May 4.—Close to twenty-three hundred votes were cast here today in what was by far the most exciting city election in the history of Reno. It resulted in the winning of the organized forces of the Municipal League and the election by a large majority of more than one hundred votes of Arthur M. Britt, the independent candidate for mayor. The small candidates of the league were more fortunate, two of the four being elected.

The issue was practically prohibition against a more liberal government, and the liberals won. One of the strange features of the fight was that the league interests were handled by State Senator James Boyd, until recently one of the staunchest friends of the liquor interests. Boyd's connection with the reformers, it is claimed, resulted in the passage of the reform forces.

Christie, for the third time, was rejected city clerk. Sam Stanaway was chosen police judge, beating Homer Money.

James May, one of the prominent sportsmen of the state, tonight announced that as a result of the election he will begin tomorrow morning the reconstruction of the old Palace gambling house at a cost of close to \$250,000.

CLUBS ARE RESTRAINED.

Denver, May 4.—The supreme court today in prohibition cases have no right to dispense liquor, even to their own members. The case involved prohibitionists of the Elks of Canon City, which sought to make a test case of the matter.

Keeps Bowels Open; Free

There is no function of the human body so important as keeping the bowels open. Upon the condition of the bowels, more than upon any other one thing, depends the health and well-being of the entire system. There is scarcely a sickness that has not got complicated with it. It is at the bottom of most of the serious diseases of life.

Every grown up human being ought to have at least one full and easy evacuation of the bowels every 24 hours. But unfortunately there are thousands who do not get this. No matter what is the nature or cause of their constipation, and no matter how chronic and long-standing it is, they will not find a better cure than the well-known Dr. Caldwell's Syrup Pepsin. So confident are the dispensers of this wonderful laxative that it will cure any case of constipation in young or old, that they will send a free test bottle to anyone who sends name and address to Dr. Caldwell.

The sample will do for any constipated person what it did for Mrs. W. D. Fuller of Easton Rapids, Mich., for Mr. J. F. Edwards of Lebanon, Tenn., and a host of others in all sections of the country. After having used the sample they will do as Mrs. Fuller and Mr. Edwards did, and get a full bottle of Dr. Caldwell's Syrup Pepsin. It is a good constipation remedy should be used by thousands, who have sent for free test bottle, now have Dr. Caldwell's Syrup Pepsin regularly in the house. It is the most scientific blending of laxative ingredients ever put before the world.

If there is anything about your ailment that don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. D. Caldwell, 515 Caldwell Bldg., Monticello, Ill.

WEIR IN PARLEY'S CREEK SHOWS HOW MUCH WATER FLOWS TO CITY

The weirs in Parley's creek.

This picture, taken by a member of the staff of the city engineer, shows the water in Parley's creek near the top of the weir built during the last year to take the measurements of the water in the creek. At the time of taking the photograph 190 second feet of water was flowing over the apron of the weir. That was ten days ago and the water is now even higher. At that time it was less than three feet from the top. There are really two of these weirs, each with a space of ten feet to allow the water to pass through. The structure is of concrete and substantially built. It is located just above the reservoir.

DEMOCRAT IS VICTORIOUS

Spokane Mayor Runs on Party Ticket
But Is Pledged to Non-Partisan Administration.

Spokane, Wash., May 4.—N. S. Pratt, Democratic nominee, defeated J. T. Omo, Republican, for mayor today by a majority of 500 to 700. While Pratt ran on the Democratic ticket, he stood pledged to a non-partisan administration. The issues were sharply drawn between the saloon and the brewery interests, which supported Mr. Omo, and the Civic League and Non-partisan club, opposed to a wide-open town.

Omo also had the support of the street railway companies.

Robert Fairley, Democrat, for comptroller, is elected over McKean, Republican, and the treasurer's office is close between Peterson, Republican, and Eggleston, Democrat. The result in the council is in doubt.

WOMEN NOT EXCLUSIVE.

Passengers on New York Trolleys
Prefer Non-Reserved Cars.

New York, May 4.—The failure of women to use the cars reserved for them on trains in the McAdoo tunnel has caused the management to confine the reservation of such cars to one hour in the morning and one hour in the evening. The company announced that it was found that the cars were occupied by women only during the rush hours, and that even then there are more women in the unreserved cars than in the reserved.

The new order also gives permission to men to occupy the cars reserved for women if they desire to do so.

NEW CORPORATIONS.

The Cedar View Irrigation company has filed its articles of incorporation with the secretary of state. Capital is \$20,000 in shares of \$5 each. O. A. Richardson is president; T. A. Hunt, vice president; F. A. McAllister, secretary and treasurer; M. S. Fishback, Sr., and C. W. Richardson, additional directors. The Sevier Valley Salt company filed amendment to its articles with the secretary of state, increasing the capital stock from \$11,000 to \$100,000 and changing the name to the Gunnison Valley Salt company. The capital is in 100,000 shares worth a dollar each issued in proportion to the stock in the old company. The head office is changed to Denver. The number of directors is increased to five and the powers of the company enlarged. J. N. Parker is president and A. L. Hoppebaugh, secretary.

COOK HEIR TO FORTUNE.

Baker City Man Inherits Immense
Wealth in England.

Baker City, Ore., May 4.—James Patterson, who for four years has been earning a living in this city as a cook and dishwasher, has gone to London, England, where he has inherited an estate said to be valued at several hundred thousand dollars, and to which he is the sole heir. Patterson had disappeared completely from the sight of his family and only learned of his fortune through telling the story of his life to a chance acquaintance.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 up Main street, \$2.00 per year and upwards.

SMELTER FRAUD CHARGED.

Spokane People Allege That Green-
oughs Have Been Frozen Out.

Spokane, Wash., May 4.—President J. Herbert Anderson has filed a petition in bankruptcy for the Idaho Smelting & Refining company. He charges that a Montana millionaire became interested in the company for the sole purpose of wrecking it, defrauding the creditors and buying the smelter at Sandpoint at a nominal figure, supposedly for the smelting trust. Anderson charges that the Greenoughs threw the company into the hands of receivers and secured a warrant charging him with embezzlement solely to discredit him with eastern capitalists.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 up Main street, \$2.00 per year and upwards.

DISTRICT COURT NOTES.

Judgment was entered by Judge George C. Armstrong of the Third district court in favor of Little & Little against Patrick W. Gorman for \$362.50 with interest amounting in all to \$428.15 and costs. The suit was for a commission agreed upon for selling certain real estate.

The Oregon Short Line Railroad company has filed suit against the Consolidated Wagon & Machine company for \$560.80 for freight on twelve carloads of hay shipped last September from Idaho to this city.

F. A. Olsen says that his wife, May G., left him on March 6, 1906. They were married in Salt Lake Dec. 5, 1894, and Olsen says that he has lived here for twenty years. Attached to the papers on file was a record of service on the wife and a statement from her that she would file an answer by May 6, and if she did not do so was willing that default should be entered.

Emma M. Cooke complains that her husband, Edward N. Cooke, has deserted and failed to support her since April of last year. He is a mining man selling and dealing in stocks, and though well able to do so she says he has not provided her with the necessities of life and she has been compelled to work for her living. They were married April 24, 1905.

Horse Races at Ogden.
